SMITH'S GREEN MOUNTAIN R ENOVATOR!

Scrofula, Erysipelas, Tumors, Sait Rheum, Fever Sores, Scald Head, White Swellings, Heart Disease, Ulcerations of the Lungs and Liver, and all Ulcer-ous, Cutaneous, and Cancerons Affections, and diseases arising from an inju-

dicious use of Mercury. Persons afflicted with the above diseases and having no confidence in the efficacy of this medicine, can make an arrangement with the Proprietor.

"To be Cured or NO PAY!"

In Dyspepsia, Bilious Complaint, Costiveness, Diarrhea and Dysentery IT HAS NO EQUAL, curing the Diseases quickly with a few doses, by removing all irritating secretions and inflammatory tendencies, and giving the stomach and bowels a natural, healthy tone.

This medicine has been used over 14 years. yet it is unknown in many parts of the State from the fact that it has never been advertised. The Proprietor never intended making it for general use, but as the urgent request of Physi-cians who have watched its effect in severe chronic cases, and triends and others who have recovered by its use from diseases that appeared hopeless, he will now furnish it to Druggists and Dealers throughout the State.

A Circular containing certificates of the most remarkable cures ever effected, from Physicians, Ministers and others of the highest standing in the different towns where used, will be furnished by dealers free, or by addressing SILAS SMITH,

sole Manufacturer and Proprietor, 27 East Georgia, Vermont. 3md&w227

Hand your orders into the Transcript Book and Job Printing Establishment if you take any pride in having your printing done in a workmaplike manner.

CIRCULAR.

The attention of Town Superintendent Teachers, and others interested in the cause of popular education in the State of Vermont is called to Section 2, Act No. 2, of the Laws of Vermont for the year 1866, which reads as fol-

lows:

Section 2.—The Board of Education are hereby authorized, and it is made their duty, on or before July 1, 1867, and on or before said date every fifth year thereafter, to select a list of such grammars, geographies, arithmetics, histories of this State and the United States, philosophies, algebras, readers and spellers, not exceeding one book of a kind in each branch, as they shall deem best suited for instruction and use in the district schools in this State, in each of said branches; and shall cause the list so selected to be published in all the newspapers published in the State, during the month of January next following the making of such selection; and also to be inserted in each school register issued after one year from the making of such selection; which list, so selected, shall be and remain authoritative and binding upon the Board of Education, superintendents and teachers, and during five years from and after teachers, and during five years from and after November 1, 1868, and each five years thereaf-ter; and superintendents and teachers shall recommend for use in the district schools, as new books shall become necessary for instruc-tion in the branches named, no other than the

books included in said list so selected and pub-The following is an extract from the Report of the Board of Education, for the year 1867,

page 8 : Mitchell's First Lessons, Primary, and Intermediate Geographies were adopted, for these reasons, in brief; the simplicity and clearness of the text, the gradual and constant advancement from the primary truths to the higher departments of geographical knowledge, the conciseness and completeness of the definitions, ciseness and completeness of the definitions, the elegance and accuracy of the maps, the attractiveness of the pictorial illustrations, and the uniform method of treating topics that are similar to each other. Since the adoption of these books, the publishers have taken measures to prepare a special edition of the Intermediate Geography for use in the schools of Vermont. This edition will contain a new quarto map of the State, engraved on copperplate; and four pages of letter press and questions, relating to the geography of Vermont, to be prepared by Rev Pliny H. White, It is believed that this feature, while it is not to increase the cost of the books, will materially increase its value and the interest with which it will be studied. McNally's Physical teoggraphy, accompanied by and the interest with which it will be studied.

McNally's Physical Geography, accompanied by
Monteith's Lessons in Astronomy, was adopted,
to be used in those departments of the study
which are indic ted by their titles. Guyot's
Common School Geography was adopted as a
Physical Geography of a grade different from
McNally's.

Inasmuch as there seems to be some misapprehension as to the intention and design of th Board in recommending the different text-book in geography, it seems proper to state that i was their intention to recommend the use of Mitchel.'s Geographics by all classes which have hitherto used, or which would otherwise use Cornell's, and that they did not design that Guyot's Geographies should be used, except by pupils who, having passed through Mitchell's,

vill send agents into every town in the State, to supply schools according to the terms annexed, and it is hoped that superintendents will furnish every facility for the speedy prosecution of their business.

The publishers of Mitchell's New Geographies

graphy by Guyot's method.

FOR INTRODUCTION AND EXCHANGE.

In calling attention of Superintendents and leachers to the above statement of the State Board of Education, the subscribers would say that, immediately upon the opening of the district schools, our travellers will visit each town in Vermont for the purpose of furnishing Mitchnll's New Geographies in exchange for those now in use. All persons interested, who may desire further information in relation to the exchange, will please address, Lorenzo B. Peck, Montpelier, Vt.

E. H. BUTLER & CO.
